EPDs Current as of 12/5/17

SCC Heifers

These bred heifers are the top commercial heifers from our 2016 calf crop. The selection process to become a SCC heifer is not easy, heifers must be born early in the calving season, be out of a cow that has a great udder, good feet and brings in a good one every fall. This year SCC is offering a total of 11 bred heifers.

As a special feature we are offering 3 F1 BWF heifers AI bred to Madison for a February 10 calving date.

We are also offering 8 bull bred heifers who are bred to SCC calving ease bulls and due to calf between 2/26-3/25. Of these, 6 are purebred Angus heifers. If you wish to register any of these 6 Angus females, there will be a \$100/head fee to transfer the papers. Registration information is available upon request.

SCC heifers are on the Scour Bos vaccine program, have passed a pre-breeding exam, including a pelvic check and are on a Modified Live Lepto/Vibrio vaccination program. Heifers will sell buyers choice of 1 head up to 11 head.

Any questions about SCC heifers can be directed to Mike Schneider at 515-491-6980.

Earhart Heifers

Mark Earhart is a loyal customer of SCC genetics and again this year will offer a top set of 10 commercial bred heifers.

A SCC calving ease bull was turned out June 6 and the heifers are expected to start calving around March 15. Earhart heifers passed a pre-breeding exam including pelvic check and all heifers are on a Modified Live Lepto/Vibrio vaccination program.

Up to date preg information will be available the day of the sale and heifers will sell buyers choice of 1 head up to 10 head. Any questions on the Earhart heifers should be directed to Mark Earhart at 515-360-6628.

**Catalogs can be mailed upon request
Videos and current EPD's available at:
www.schneidercattlecompany.com**

We will once again offer a wintering program for any bulls purchased, for details contact Mike Schneider 515-491-6980
